Lousy Cooties,

Things for the most part are now open and it is time to fill our seams with lousy qualified members that join our VFW Posts. Don't recruit just to make numbers; make sure that they are hard workers and supporters of the Post. They need to be someone who can get the job done and understand the importance of what we do.

I am asking all Pup Tents to work on achieving All-Star; every one of us can do it with a little hard work from all. We just need to put our best efforts into membership, hospital visits, special projects, donations, inspections, and awards. Don't forget about the Big Bug's stipend program to create an incentive on life memberships. dues paid, new members, and inspections early.

Let's do everything we can to increase and multiply so that all those deserving, can experience the lousy feeling that this order brings. Let's continue to keep our fellow comrades smilin' in beds of white by performing Buddy Checks even if it can only be through phone or video calls.

Through Strength We Will Increase and Multiply

(a.k.a. Little Bug)

All you Lousy Cooties out there, I am deeply Humbled that I was voted into the position of Little Bug. I will ensure that I am giving you all the best that I can. Now I must say thanks to some of you guys that have pushed me over the years to give more to the Grand. Shawn, Kevin, Mo, Doc and Marty. As the years pass by and I am sure I will be seeking further guidance from you all.

Now for some work. I am going to download and revise all the award forms and get them into the same format. The problems are there are so many different formats on the forms and these will need to be corrected into one format. Also, many who are submitting the awards are using some forms that are years old and not updated. Later, this year I will let you know when you will be able to download the new ones. As a reminder though; the awards package will still be due on 30 APRIL 2023

See you all in the next Rim of Fire and let keep them Smiling in Beds of White.

Grand Jr. Past Commander Moses

Listen Cooties,

The MOC has a lot of support from all the favorable comments and BOOs I received from DPA doing the DPA convention in June. Many of our Cooties are active at the DPA and National level.

The last 4 to 5 years I have had a very good feeling about the direction of our Grand leadership in regards to VFW DPA. We have many cooties that are active council members in the DPA and all have a good relationship with comrades that are not cooties. Please, let's keep the direction that has been put forth over the last several years of building good working relationship with our DPA comrades, cooties members or not.

How do we do that, remembering that we are VFW members first and MOC members second. Emphasizing the importance of getting the VFW story out, letting our communities see the contributions made by our VFW Posts.

The same is true for the MOC. We need to provide coverage of our activities supporting veterans. Submit articles with photos to our newsletter and local newspapers so DPA comrades and the community will recognize all the great work you are doing as Cooties.

Recruit new VFW members and work with them to be involved in the VFW programs. The more active they are in the Post the better chance of them wishing to become eligible for MOC members. It benefits the Post and Pup Tent. Increase and Multiply!

What makes our organization so great is not the leader, it is each person doing what they can and working together for our veterans, their families and communities however and whenever they can. Thank you for everything you do for the VFW and MOC.

"Keep 'em Smiling in Beds of White."

Listen Up All you old Coot,

As we need to continue supporting our Grand of the Pacific with their monthly inputs, need to remember those reports have to be forwarded and kept on file. It is up to all Pup Tents to manage their records, but ensuring the Grand Commander is well aware of the activities within the Pacific.

The Hungry Cootie has used the General Order and Minutes are examples of the provided documentation. In the past, we have had some issues, but allowing the Big Bug to have situational awareness (SA) is the biggest value that we can provide for everyone. We understand that Scratch minutes are drafts until the next scratch; however, forward the draft because they can be corrected.

If there is any Pup Tent within the Grand that has issues with acquiring information or legal forms, please let me know. We are trying to keep the Keeper of the Lousy Records (KLR Bug) busier than a Bee. We need your help for this task.

Well boys and girls, moms and dads and kids of all ages. It is that time again to impart some knowledge to help keep us all happy and healthy.

It appears that this COVID-19, and all its various versions, isn't going anywhere, anytime soon. I thought we would cover that most important prevention technique that everyone over the age of three knows - **"You Got to Wash Your Hands"!!!!** Believe it or not, Handwashing actually works and we don't even have to follow all the silly rules the CDC, WHO and the curmudgeon Anthony Fauci put out in the atmosphere.

Hand-washing is the easiest and most effective thing we can do to prevent spreading viruses, especially Corona Viruses.

There are 5 Corona Virus Prevention Tips:

1. **DO NOT** touch your eyes, nose or mouth as they are the primary entry point for **ALL** respiratory infections
2. **Handwash and sanitize regularly** before eating or coming home. I find this part strange as they didn't suggest washing after going to the bathroom?!?
3. **Clean common work areas** and frequently touched items, (desks, phones, door handles, phones, etc.)
4. **Remember the 4 principles of hand awareness.** We will go over this in the next paragraph.
5. This is the problem one, **Wear a face mask !!** Fortunately, most of us didn't have to do this but it does cover the eyes which is one of the three main portals for viruses. Mask works well for mouth and nose but if you wear the mask over your eyes you will probably walk into a wall or door. So the face shield is much better.

Now we will go back over the 4th step dealing with hand awareness.

1. Wash your hands when dirty and before eating
2. **DO NOT** cough into your hands
3. **DO NOT** sneeze into your hands
4. Above **ALL**, **DO NOT** put your fingers into your eyes, nose or mouth.

Well, that is about it for now on the simplest and cheapest way to prevent viral illnesses from getting you or others.

And remember the old adage, "you can pick your friends and you can pick your nose but you can't pick your friends nose.

See y'all in the next edition.

Pup Tent Scratch Minutes

Pup Tent Adjutants; As per Article III Section 316C requires Pup Tents to record all proceedings of each Scratch (minutes), further the minutes are to be emailed to the Grand Adjutant for review by the Big Bug to allow for situational awareness (SA) of significant value happening within each of your Pup Tents. Big Bug has cried in a childish manner for Pup Tents submittals for review (He is Bored at Home). That stated, please forward copies of your minutes to me soonest for review and filing to my email address, Divemaster65@yahoo.com. This will keep our cantankerous Big Bug busy and entertained.

(a.k.a., Watchdog Bug)

Big Bug and Fellow Cooties,

It is time to complete the inspections on all of our Pup Tents (PTs) within the Grand of Pacific Areas (GPA). The Deputy Inspectors have been appointed and were each sent a copy of the latest inspection report. I am asking that all Deputy Inspectors complete their inspections and submit them to me by 1 December 2022 so that I have time to consolidate them all into my report.

One of my main priorities for this year is to ensure that all PTs are bonded. It is also important that all audits be done by the PT Tight Wads Team on a regular basis. Hopefully by now, all election reports have been submitted to the Grand Hungry Cootie. My last comment is on membership! It is the responsibility of all Cooties to work the membership program within our PTs. Let's push hard to achieve our 100%+ goal for this year.

VFW & AUXILIARY NATIONAL CONVENTION 2022

After two years of canceled or scaled back conventions, it was a welcome relief to gather again with our friends from the VFW and Auxiliary in Kansas City, MO.

It was Executive Director Mike Wilson's first VFW Convention, and he enjoyed the opportunity to meet with VFW and Auxiliary members and to address both audiences at the Convention.

Executive Director, Mike Wilson addresses the VFW

"I am excited to be here and have anticipated this time with you all since accepting this opportunity in January" he told them.

Director Wilson shared the National Home's new mission statement and discussed the priorities and vision of the National Home.

"The VFW National Home assisting military, veterans, and their families with children, by creating a foundation of services and resources to achieve their personal and family goals in order to move forward in a positive, safe, and healthy environment.

Our priorities include:

- Veterans and Families- First and foremost, everything we do must be focused on supporting those who come to us in need.
- Communication- Consistent messaging, and transparency will make our mission easier to maintain as well as increasing overall awareness across the nation of who and how we support those in need.
- Funding – To continue, we must prosper, to prosper we must grow, and to grow we must be financially strong.

Our vision is to be a primary source for the VFW and its Auxiliary nation-wide in supporting veterans, military, and their families with our residential support and services.

We will provide local, regional, and national support on campus for our residents, so they don't have to go looking for it.

Ultimately, we want to provide excellent opportunities for our families and staff to grow in a diverse and nurturing environment where everyone is treated with fairness and dignity.

Kids should be kids. We know when mom and dad are suffering the children suffer with them. We want to remove that suffering."

Buddy Poppy Child, Aurora addresses the VFW

And what better way to see the impact of the National Home's program than hearing directly from our Buddy Poppy Child? Buddy Poppy Aurora stole the show this year, telling the audiences all about herself including her favorite subject in school (math), what she wants to be when she grows up (veterinarian), and being all around adorable.

Many attendees couldn't resist when she offered them her Buddy Poppy Pin, because she's as cute as a button in person!
